

BIKE LANES, PATHS & TRAILS

GUM RD. MULTI-USE PATH

Construct multi-use path from Portsmouth Boulevard north to Deerfield Crescent.

Project Managed By: City	Status: In Design	Budget: \$625,000
Funding Source: VDOT Enhancement Grant		
Construction Start Date: TBD	Completion Date: TBD	

ROUTE 17 SOUTH / DISMAL SWAMP CANAL TRAIL PHASE II

Convert George Washington Highway to Bike / Horse / Jogging Trail. Phase I completed May 2006.

Project Managed By: City	Status: In Design	Budget: \$1,900,000
Funding Source: Federal and State Enhancement Grant		
Construction Start Date: 11/09	Completion Date: 07/10	

BRIDGES - Improvements/Replacements

22ND STREET OVERPASS

Replace existing bridge that is structurally deficient. Project is partially funded, and current estimate is \$22,000,000. Construction schedule will be established when construction funds are budgeted.

Project Managed By: VDOT	Status: On Hold	Budget: \$625,000
Funding Source: VDOT Grant (HSIP)		
Construction Start Date: TBD	Completion Date: TBD	

BEAVER DAM BRIDGE REPLACEMENT

Replace existing bridge on Beaver Dam Road. Construction schedule will be established when design is completed.

Project Managed By: City	Status: In Design	Budget: \$500,000
Funding Source: City Capital Improvement Budget – FY08		
Construction Start Date: TBD	Completion Date: TBD	

BELLS MILL BRIDGE REPLACEMENT

Replace existing bridge which spans Bells Mill Creek along Bells Mill Road. The existing bridge is structurally deficient and is weight restricted. Construction will be established when design is completed.

Project Managed By: City	Status: In Design	Budget: \$1,500,000
Funding Source: City Appropriations – Feb 2008		
Construction Start Date: TBD	Completion Date: TBD	

DOMINION BLVD [More project information >>](#)

Replace Steel Bridge, provide 4 lane roadway from Great Bridge Blvd to new Route 17, construct interchanges at Cedar Rd and Great Bridge Blvd, construct toll facility north of Elizabeth River. Construction schedule will be established after funds are appropriated. Review of Draft Environmental Assessment and 30% plans is underway

Project Managed By: VDOT & City	Status: In Design	Budget: \$437,886,000
Funding Source: Federal Highway Tolls		
Construction Start Date: TBD	Completion Date: TBD	

GILMERTON BRIDGE REPLACEMENT [More project information >>](#)

Replace Gilmerton Bridge with new vertical lift span. Improvements require additional right of way. Construction schedule will be established after right of way is acquired and design is completed.

Project Managed By: VDOT	Status: In Design	Budget: \$154,185,000
Funding Source: Federal Highway/VDOT		
Construction Start Date: TBD	Completion Date: TBD	

HUDGINS BRIDGE REPLACEMENT

Replace existing bridge on Fentress Airfield Road. Construction schedule will be established when design is completed.

Project Managed By: City	Status: In Design	Budget: \$500,000
Funding Source: City Capital Improvement Budget – FY08		
Construction Start Date: TBD	Completion Date: TBD	

LAKE DRUMMOND BRIDGE REPLACEMENT

Project replaces existing Lake Drummond Bridge. Construction schedule will be established when design is completed

Project Managed By: City	Status: In Design	Budget: \$750,000
Funding Source: City Capital Improvement Budget – FY09 and FY10		
Construction Start Date: TBD	Completion Date: TBD	

LONG BRIDGE REPLACEMENT [More project information >>](#)

This project will replace the existing bridge on George Washington Highway with a four lane, 150' span with sidewalks on both sides.

Project Managed By: City	Status: Construction	Budget: \$3,553,000
Funding Source: City Capital Improvement Budget – FY07 & 08		
Construction Start Date: 06/09	Completion Date: 09/10	

POCATY BRIDGE REPLACEMENT

This project will replace the existing bridge which spans Pocaty Creek along Blackwater Road. The existing bridge is structurally deficient. Construction schedule will be established when design is completed.

Project Managed By: City	Status: In Design	Budget: \$1,500,000
Funding Source: City Appropriations – Feb 2008		
Construction Start Date: TBD	Completion Date: TBD	

ROUTE 17/DEEP CREEK BRIDGE REPLACEMENT ACOE (*Army Corps of Engineers*)

Replace the obsolete 2-lane bascule bridge with a 5-lane bascule bridge. Construction schedule will be established after construction funds are appropriated. Not fully funded.

Project Managed By: U.S.A.C.O.E.	Status: In Design	Budget: \$42,000,000
Funding Source: Federal – U.S. Army Corps of Engineers		
Construction Start Date: TBD	Completion Date: TBD	

ST. BRIDES BRIDGE REPLACEMENT

Replace existing bridge with new concrete box culvert.

Project Managed By: City	Status: Construction	Budget: \$500,000
Funding Source: Council Appropriation – Dec 6, 2006		
Construction Start Date: 07/09	Completion Date: 09/09	

EMBANKMENTS - Repairs

None at this time

INTERSECTIONS/INTERCHANGES

BATTLEFIELD BLVD./CEDAR RD. INTERSECTION

Provide a right turn lane for southbound Battlefield Boulevard traffic. Will need to relocate electrical utility lines and traffic signal pole. Construction schedule established after resolution of utility relocation issues.

Project Managed By: City	Status: In Design	Budget: \$585,000
Funding Source: Council Appropriation – June 27, 2006		
Construction Start Date: TBD	Completion Date: TBD	

CENTERVILLE TNPK/ BLUE RIDGE RD/ FENTRESS RD INTERSECTION

Realign Fentress Rd and Blue Ridge Rd to intersect Centerville Turnpike at a common intersection and provide turn lane improvements. Construction schedule will be established when design is completed.

Project Managed By: City Consultant	Status: In Design	Budget: \$1,900,000
Funding Source: Council Appropriation – February 2008		
Construction Start Date: TBD	Completion Date: TBD	

CHARLTON DR./JOLLIFF RD. INTERSECTION

Realign Charlton Drive to intersect Jolliff Road at a right angle. Construction schedule will be established when design is completed.

Project Managed By: City	Status: On Hold	Budget: \$150,000
Funding Source: Council Appropriation –April 10, 2007		
Construction Start Date: TBD	Completion Date: TBD	

HANBURY/BATTLEFIELD INTERSECTION

Conduct a traffic study and determine long range improvements to the Battlefield/Hanbury intersection/interchange. Widen southbound 168 off-ramp onto west bound Hanbury Road to 2 lanes and add traffic signal to control ramp traffic.

Project Managed By: City	Status: In Design	Budget: \$1,700,000
Funding Source: VDOT Regional Funds Grant (RSTP) FY 04-05		
Construction Start Date: TBD	Completion Date: TBD	

OAK GROVE RD/GREEN TREE RD INTERSECTION IMPROVEMENTS

Redesign intersection with Oak Grove Rd and Green Tree Rd to improve traffic conditions. Construction funds programmed for FY 2010. Construction schedule will be established when design is completed.

Project Managed By: VDOT	Status: In Design	Budget: \$307,800
Funding Source: VDOT Funds Grant (HSIP)		
Construction Start Date: TBD	Completion Date: TBD	

VOLVO PKWY/ INDEPENDENCE PKWY ROUNDABOUT (Traffic Circle)

Provide roundabout (traffic circle) at Volvo Pkwy / Independence Pkwy intersection. Construction schedule will be established when design is completed.

Project Managed By: City Consultant	Status: In Design	Budget: \$2,969,000
Funding Source: Council Appropriation – February 2008		
Construction Start Date: TBD	Completion Date: TBD	

LANES, OVERPASSES, RAMPS & ROADWAYS- Turn Lanes, Ramps, Widening Lanes, etc.

GEORGE WASHINGTON HIGHWAY (WILLOWOOD DR TO OLD MILL ROAD) Provide additional pavement to create a four lane roadway and improve the intersection of Gallberry/Shell Road and George Washington Highway. Originally a City project, Culpepper Landing development subsequently “proffered” the road improvements.

Project Managed By: City/Developer	Status: ROW acquisition underway/design 100%	Budget:
Funding Source: \$3 M developer (construction) and \$1 M City (right-of-way)		
Construction Start Date: TBD	Completion Date: TBD	

GREENBRIER 3RD NORTHBOUND LANE (VOLVO to EDEN WAY N)

Provide third northbound lane on Greenbrier Parkway between Volvo Parkway and Eden Way North.

Project Managed By: City	Status: In Design	Budget: \$375,000
Funding Source: VDOT Funds Grant		
Construction Start Date: 09/09	Completion Date: 11/09	

MILITARY HWY/GALBERRY RD LEFT TURN LANE

Provide left turn lane for west bound traffic on Military Hwy to turn south on Galberry Rd. Construction funds programmed for FY 2010. Construction schedule will be established when design is completed.

Project Managed By: VDOT	Status: In Design	Budget: \$136,800
Funding Source: VDOT Funds Grant (HSIP)		
Construction Start Date: TBD	Completion Date: TBD	

MT. PLEASANT ROAD CURVE REALIGNMENT

Increase radius of curve on Mount Pleasant Road near Fall Ridge Lane. Construction schedule will be established when design is completed.

Project Managed By: VDOT	Status: In Design	Budget: \$862,440
Funding Source: VDOT Funds Grant (HSIP)		
Construction Start Date: TBD	Completion Date: TBD	

MT. PLEASANT RD. LEFT-TURN LANE AT FENTRESS AIRFIELD RD.

Provide left turn lane for west bound Mt Pleasant traffic to turn on to Fentress Airfield and provide guard rail for safety. Construction schedule will be established when design is completed.

Project Managed By: VDOT	Status: In Design	Budget: \$2,939,000
Funding Source: VDOT Regional Funds Grant (RSTP) FY 04-06		
Construction Start Date: TBD	Completion Date: TBD	

MT. PLEASANT RD. WIDEN TO 4 LANES

Widen Mount Pleasant Road from Expressway to Etheridge Road. Construction schedule will be established when design is completed.

Project Managed By: VDOT	Status: In Design	Budget: \$862,440
Funding Source: VDOT Regional Funds Grant (RSTP) FY 07-09		
Construction Start Date: TBD	Completion Date: TBD	

PORTSMOUTH BLVD. PHASE 4

Construct Portsmouth Boulevard as a 4-lane divided arterial road from I-664 interchange to Suffolk City line. Construction Schedule will be established after construction funds are appropriated.

Project Managed By: City and VDOT	Status: In Design	Budget: \$10,000,000
Funding Source: VDOT Regional Funds Grant (RSTP) FY 04-06		
Construction Start Date: TBD	Completion Date: TBD	

PORTSMOUTH BLVD./DOCK LANDING RD. RIGHT-TURN LANE EXTENSION

Extend eastbound Portsmouth Boulevard right turn lane to southbound Dock Landing Road. Construction schedule will be established when design is completed.

Project Managed By: City	Status: In Design	Budget: \$315,000
Funding Source: Council Appropriation – April 10, 2007		
Construction Start Date: TBD	Completion Date: TBD	

TILDEN AVE./BATTLEFIELD BLVD. INTERSECTION IMPROVEMENTS

[Stormwater Pollution Prevention Plan](#) >>

Provide traffic signal at intersection of Tilden Avenue and Battlefield Boulevard. Construct connecting street from Tilden Avenue to Wayne Avenue.

Project Managed By: City	Status: Construction	Budget: \$1,250,000
Funding Source: Council Appropriation – July 2007 (supplemental funds approved 2/08)		
Construction Start Date: 07/09	Completion Date: 12/09	

VOLVO PKWY/ EXECUTIVE BLVD

Provide a right turn for eastbound Volvo Pkwy traffic to southbound Executive Blvd.

Project Managed By: VDOT	Status: In Design	Budget: \$300,000
Funding Source: VDOT Congestion Mitigation Funds (CMAQ) 2010		
Construction Start Date: TBD	Completion Date: TBD	

VOLVO PKWY/ PROGRESSIVE DRIVE

Provide a right turn lane eastbound on Volvo Pkwy onto southbound Executive Blvd and lengthen eastbound Volvo Pkwy left turn lane onto northbound Progressive Drive.

Project Managed By: VDOT	Status: In Design	Budget: \$320,000
Funding Source: VDOT Congestion Mitigation Funds (CMAQ) 2009		
Construction Start Date: TBD	Completion Date: TBD	

WEISS LN. /OLD MILL RD. INTERSECTION

Realign Weiss Lane to intersect Old Mill Road at a right angle. Construction schedule will be established when design is completed.

Project Managed By: City	Status: In Design	Budget: \$420,000
Funding Source: Council Appropriation – April 10, 2007		
Construction Start Date: TBD	Completion Date: TBD	

NEIGHBORHOODS & STREETSCAPES - Improvements

MARGARET BOOKER DR SIDEWALK

Provide sidewalk along Margaret Booker Dr on north side and west side from George Washington Hwy to Galberry Rd. Construction funds programmed for FY 2010. Construction schedule will be established when design is completed.

Project Managed By: VDOT	Status: In Design	Budget: \$225,000
Funding Source: VDOT Funds Grant (HSIP)		
Construction Start Date: TBD	Completion Date: TBD	

POINDEXTER ST. STREETSCAPE IMPROVEMENTS Phases 3 & 4 [Poindexter June Project Report >>](#) [Stormwater Pollution Prevention Plan >>](#)

Construct Streetscape Improvements along Poindexter St from Bainbridge Blvd to Liberty St. Phase 1 from Bainbridge to Stewart St. is in complete. Phases 3 & 4 design is underway.

Project Managed By: City	Status: In Design	Budget: \$6,224,000 (all phases)
Funding Source: State Enhancement Grant, HUD Grant, South Norfolk TIF, and Capital Improvement Budget – FY06		
Phase 3 & 4 Construction Start Date: 02/10	Completion Date: 11/10	

TRAFFIC SIGNALS/LIGHTS - New

TRAFFIC SIGNAL AT AIRLINE BLVD AND JOLLIFF ROAD

Provide traffic signal replacement at intersection of Airline blvd. and Jolliff Road.

Project Managed By: VDOT	Status: In Design	Budget: \$392,000
Funding Source: VDOT HSIP/Urban/City; advertise for construction schedule for May 2009		
Construction Start Date: TBD	Completion Date: TBD	

MILITARY HWY. STREET LIGHTS

Provide street lights for a portion of Military Highway from Gilmerton Bridge to Indiana Avenue. Construction schedule will be established after Dominion Virginia Power schedules work.

Project Managed By: Dominion Power	Status: On Hold	Budget: TBD
Funding Source: Council Appropriations – Dec 6, 2006		
Construction Start Date: TBD	Completion Date: TBD	

PROACTIVE SAFETY PROJECTS

Design and fund minor safety projects to enhance roadway safety.

Project Managed By: City	Status: In Design	Budget: \$929,000
Funding Source: VDOT Grant (HSIP)		
Construction Start Date: TBD	Completion Date: TBD	

TRAFFIC SIGNAL AT EDEN WAY AND CROSSWAYS BLVD.

Provide traffic signal at intersection of Eden Way and Crossways.

Project Managed By: City	Status: In Design	Budget: \$400,000
Funding Source: VDOT Revenue Sharing Grant/City CIB – FY07		
Construction Start Date: 08/09	Completion Date: 11/09	

TRAFFIC SIGNAL AT GREENBRIER PKWY AND FAIRWAYS DR Provide traffic signal at intersection of Greenbrier Pkwy, Fairways Dr and City Park. Construction schedule will be established after design is completed.

Project Managed By: VDOT	Status: In Design	Budget: \$264,500
Funding Source: VDOT Highway Safety Improvement Fund		
Construction Start Date: TBD	Completion Date: TBD	

MOSES GRANDY TRL. STREET LIGHTS

Provide street lights for a portion of Moses Grandy Trail. Construction schedule will be established after Dominion Virginia Power schedules work.

Project Managed By: Dominion Power	Status: In Design	Budget: TBD
Funding Source: Council Appropriations – Dec 6, 2007		
Construction Start Date: TBD	Completion Date: TBD	

COMPLETED PROJECTS

GREENBRIER PKWY./WOODLAKE LEFT-TURN LANE EXTENSION

Extend the northbound Greenbrier left turn lane to westbound Woodlake.

Project Managed By: City	Status: Completed	Budget: \$70,000
Funding Source: VDOT Funds Grant (CMAQ)		
Construction Start Date: 04/09	Completion Date: 07/09	

I-64/BATTLEFIELD AREA

Widen I-64 from Greenbrier Parkway to I-464 interchange. Includes replacement of Battlefield overpass, CD lanes, HOV lanes, braided ramps, etc.

Project Managed By: VDOT	Status: Completed	Budget: \$98,197,000
Funding Source: Federal Highways		
Construction Start Date: 03/06	Completion Date: 08/09	

SIGNAL SYSTEM RETIMING

Update signal timings for Battlefield Blvd, Portsmouth Blvd, and Taylor Road.

Project Managed By: VDOT	Status: Completed	Budget: \$200,000
Funding Source: VDOT Congestion Mitigation (CMAQ) FY 06-07		
Construction Start Date: TBD	Completion Date: TBD	

TRAFFIC SIGNAL AT JOHNSTOWN RD. AND WATERS RD.

Provide traffic signal at intersection of Johnstown Road and Waters Road.

Project Managed By: City	Status: Completed	Budget: \$275,000
Funding Source: VDOT Hazard Elimination Grant		
Construction Start Date: 03/09	Completion Date: 08/09
