A site plan is required for all outside equipment. Load Calculations and Vent Certifications if applicable are required with permit application.

The code official shall be notified when the construction reaches the stage of completion for an inspection. The permit holder shall assure that the inspections have been conducted and approved by the code official when applicable. A certificate of occupancy, indicating completion of the work for which a permit was issued, shall be obtained prior to any occupancy. I understand that the permit is granted for the work shown and described in this application. Any falsification, misrepresentation or misleading information given VOIDS the permit.
